## GENERAL ELIGIBILITY GUIDELINES

---

The 63rd GRAMMY Awards eligibility period is Sept. 1, 2019 through Aug. 31, 2020.

The GRAMMY Awards are open to new recordings released during the eligibility period. These recordings must be commercially released, nationally distributed and available from any date within the eligibility period through at least the date of the current year's Final Ballot voting deadline.

### NEW RECORDINGS

"New recordings" is defined as material that has been recorded within five years of the release date and not previously released.

Recordings that are not newly recorded are only eligible in Best Historical Album, Best Compilation Soundtrack Album, Best Immersive Audio Album (if the multichannel mix is new), Best Remixed Recording (if the remix is new), Best Recording Package, Best Special Package (if the package is new), Best Album Notes (if notes are new), and certain multidisc sets in the Classical Field. These classical multidisc releases are eligible even if more than 51% of the playing time was recorded more than five years before the release provided the album contains 100% previously unreleased material, employs a single artist or ensemble only, and contains the work of a single composer only.

### GENERAL DISTRIBUTION

"General distribution" is defined as the broad release of a recording, available nationwide via brick-and-mortar stores, third-party online retailers and/or streaming services. (Imports are not eligible.)

Streaming services is defined as paid subscription, full catalog, on-demand streaming/limited download services that have existed as such within the United States for at least one full year as of the entry deadline. All recordings entered must have an assigned International Standard Recording Code (IRSC).

### ELIGIBILITY PERIOD

Recordings must be available to the public as stand-alone, audio-only purchases or streams, (exceptions: opera, immersive audio album, and music video/music film) beginning on any date within the eligibility year to be GRAMMY-eligible.

### LIMITED EDITION RELEASES

Limited edition releases do not meet the distribution requirement for eligibility. Distribution eligibility is based on an artist's typical shipment policies. The Academy may inquire with the manufacturer as to the number of recordings normally shipped, and if the shipment varies or is substantially less than normal for a particular artist, the Academy reserves the right to determine whether the release is eligible.

### DIGITAL RECORDINGS

The original digital file and the product sent to the Academy must have quality comparable to at least 16 bit 44.1 kHz and 44 kHz/16bit audio for both Best Engineered Album, Non-Classical and Best Engineered Album, Classical. A copy of label credits (producers, mixers, songwriters, etc.) must

be included in the required metadata file. Any requested documentation (including a list of retailers/ streaming services) must be provided if requested by the Academy in order to verify crediting or release date.

## **AUTHORIZED RECORDINGS**

Recordings must be non-infringing, original works of authorship. To the extent a recording embodies in whole or in part the copyrighted work of a third party, appropriate authorization to use and incorporate such copyrighted work must have been obtained. If allegations are made that a recording is unauthorized and does not meet these criteria, the Academy will consider the allegations and determine, in its sole discretion, the eligibility of such recording.

## **SINGLES AND TRACKS**

A single is a song or instrumental recording that is released separately from an album, while a track is an individual song or instrumental recording released as part of an album. A single will often appear as a track on a subsequent album release and a track from a released album can be issued as a single. The GRAMMY rules describe eligibility for tracks and singles in terms of different release structures but the two are judged identically in the categories in which they are both eligible.

A track or single from a previous year's album is eligible in the General, Pop, Dance, Gospel/CCM, Rock, R&B, Rap, Country, and American Roots Music Fields provided the recording was not entered as a track or single the previous year and provided the album did not win a GRAMMY in a performance category. (Best New Artist is not a performance category; therefore, singles from the previous year's album are eligible in cases where an artist received the Best New Artist award for that album.)

A track from an album released in the current eligibility year is eligible provided the track was not entered as a single the previous year.

A single or track is eligible in one specialized genre field. However, a track or single may be screened into one genre field, while the album on which the track appears may be screened into a different genre field.

If a single is released one year and the music video is released in a different eligibility year, both are eligible in their respective years, even if the music video was nominated or won a GRAMMY Award.

## **ALBUMS**

An album is a collection of audio recordings issued for sale, download or streaming as a unit. To qualify as an album, a release must contain at least five tracks (different songs, not different mixes) and have a total playing time of at least 15 minutes or it may have any number of tracks if the total playing time is at least 30 minutes.

An album must contain greater than 50% playing time of newly recorded (within five years of the release date), previously unreleased recordings. (Best Compilation Soundtrack, Best Historical Album, Best Immersive Audio Album, Best Recording Package, Best Special Package and Best Album Notes accept albums of recordings that are not newly recorded.)

To be eligible in a specific genre field, an album must contain at least 51% playing time of the genre specified by the field. A recording may not be in more than one specialized genre field. However, an album may be in one genre field while one or more tracks from the album may be in a different genre field.

If an album is released one year and an associated music film is commercially released in a different year, both are eligible in their respective years, even if the music film was nominated or won a GRAMMY Award.

## **FEATURED ARTISTS**

To be recognized as a GRAMMY nominee, a featured artist must be credited as a featured artist; and make a significant and artistic contribution beyond accompaniment.

Featured artists are GRAMMY-eligible in Album Of The Year if they perform on more than 33% of the playing time of an album; they are eligible in the genre album categories if they perform on more than 51% of playing time; and are eligible in performance categories if they are credited as a featured artist on the track/single.

If an album is credited to one artist but has many tracks featuring guest artists, it may have to be considered a "Various Artists" album. That determination will be made on a case-by-case basis by the Academy.

## **MULTIPLE MIXES AND REMIXES**

Only one version/mix of a recording is eligible in the GRAMMY process in any year. In cases where different versions of a recording (with featured artists, for example) are released in the same eligibility year, the decision as to which mix of a recording to enter will be made by the label releasing the original artist's version (provided that the chosen mix is otherwise eligible to be entered in the GRAMMY process).

In the Best Song Written For Visual Media category, the film/soundtrack version of a song can be entered, even if it is different from the version entered in other categories.

Otherwise, any current remixes, alternate mixes and any new mixes of recordings released in a previous awards year are only eligible in Best Remixed Recording.

## **SAMPLED AND INTERPOLATED MATERIAL**

A sample is defined as an element of a previously released recording incorporated into a new recording. Samples can be entire parts of earlier recordings or isolated sections of earlier recordings including, but not limited to, tracks with vocals removed, hooks, riffs, bass lines, or background vocals.

Recordings that feature samples and/or any interpolations of previously released material are eligible in all performance categories only if the performance up for GRAMMY consideration is newly recorded per the Academy definition.

Recordings featuring samples are eligible in songwriting categories; however, the writers of the sampled or interpolated material are not considered to be nominees or GRAMMY recipients.

### **VOICES USED AS “INSTRUMENTS”**

Vocal performances are never eligible as instrumental performances, regardless of the method of vocal production (e.g., scatting, beatboxing, throat singing, or vocally mimicking the sound of a particular instrument or ensemble of instruments).

### **RECORDING ACADEMY OR GRAMMY TELECAST RECORDINGS**

Recordings released by the Recording Academy or affiliate-produced releases, including releases of performances from GRAMMY Awards telecasts, are not eligible in the Awards process.

### **STUDENT RECORDINGS**

Student recordings are eligible if they meet all other eligibility requirements.

### **PLAYBACK SYSTEMS**

If a specialized piece of equipment is needed to play a recording (other than a common consumer device such as a CD player, MP3 player, turntable, etc.), the recording is not eligible. For example, Pianocorder cassettes are not eligible because they only play back on a Pianocorder Reproducing System retrofit onto a piano.

### **RECORDINGS MADE OF PLAYBACK SYSTEMS USING PREVIOUSLY RECORDED PERFORMANCES**

A new recording that records a device playing a previously “recorded” performance (i.e., piano rolls, player piano systems, Zenph players, Welte-Mignon systems, etc.), is not eligible in the Best Historical Album category. (A piano roll, etc. is not eligible as a “recording” on its own.) These types of playback-system recordings are only eligible in Best Engineered Album, where the new recording of the playback would be considered.

### **TRANSLATIONS**

For song lyrics or album notes originally written in one language and translated or adapted into another for release, the original writer is always the eligible writer.

## CATEGORY ELIGIBILITY GUIDELINES

---

Screening for eligibility and category placement occurs from the time entries are first received until the first ballot is finalized.

### CATEGORY SCREENING

Entries in most categories are screened by committees of genre experts to determine appropriate category and field placement. If a genre screening committee determines that a recording should be moved to another genre, the recording is forwarded and screened by that genre committee.

The Screening Meeting process brings together experts in all the various fields, including individuals from Chapters in all parts of the country, to listen to recordings and make category determinations. In addition to a National Screening Committee, which decides Best New Artist eligibility and makes final decisions on screening issues that cannot be resolved by the genre screening committees, there are separate screening committees for:

- Jazz
- Alternative Music
- World Music
- Children's Music
- New Age
- Music for Visual Media
- Rock
- Pop
- Traditional Pop
- Contemporary Instrumental
- Rap/R&B
- Regional Roots
- Reggae
- Classical
- Latin
- Country
- Blues
- American Roots
- Dance/Electronic
- Gospel/CCM
- Musical Theater

Entries in other categories such as Comedy and Spoken Word are screened by staff and, if necessary, by consultation with experts in the genre.

## ACADEMY RIGHTS AND REGULATIONS

The Recording Academy reserves these rights regarding entries:

- To disqualify the affected entry without liability if information is incorrect or incomplete.
- To disqualify the affected entry without liability if the signer fails to send the required product for entries by the due dates.
- To place any selection into the category it deems appropriate; to pass on the eligibility of any selection.

- To make the final determination of the persons entitled to awards recognition.
- It is the Academy's policy that the GRAMMY be awarded to the person who, at the Academy's sole discretion, is properly entitled to it.
- To determine what constitutes a single and what constitutes an album for purposes of entering.
- To replace track entries by an entry for the entire album if several tracks by the same artist, totaling over 51% of the album's playing time, are accepted in the same category.
- To withdraw any category in any one year if the Academy determines that there is an insufficient number of entries in that category, and, at the Academy's discretion, to place the affected entries in one or more other categories.
- To disqualify without liability what the Academy considers excessive entries.
- To take whatever measures it deems necessary to protect the integrity of the GRAMMY Awards from outside influence, bloc voting or any other factors that could jeopardize this process.

- The Recording Academy assumes no liability with respect to craft entries if the required judging copies for nominating committees fail to reach us by the due date.
- An ineligible entry (incorrect release date) that is processed during an Awards Year will be disqualified the following Awards Year.
- User agrees to review Artist/Category List of Entry Submissions prior to Final-submitting in the online process.
- To disqualify an entry if the Recording Academy finds any violation of the Voter Solicitation Guidelines or violation of the Recording Academy member website's For Your Consideration guidelines.

## HOW TO MAKE ENTRIES, WHO MAY ENTER, AND WHEN

Recordings are submitted for consideration through the GRAMMY Online Entry Process (OEP).

All Voting and Professional Recording Academy Members may make GRAMMY entries. Also, registered media companies that release, during the eligibility period, recordings that meets GRAMMY eligibility requirements may make entries.

In advance of the entry period, media companies receive their Online User IDs and passwords to access the GRAMMY Online Entry Process. Voting and Professional members use their GRAMMY member site user ID and password to access OEP online.

For the 63rd GRAMMYS, the first round Entry Access is open to media companies and Academy members from June 22 through July 6. The second round Entry Access is open from the July 15 through Aug. 3.

## **REGISTRATION FEES**

Media companies pay an annual fee to register with the Academy that shall be 20% more than the annual fee paid by individuals for membership. This fee is \$120 for the 63rd GRAMMY Awards. Academy members pay no additional fees to make entries.

## **ENTRY LIMITS**

The Online Entry Process is programmed such that it 1) limits entries in genre (excluding General and craft fields) categories to one per recording for albums; and 2) limits track/single entries to one for performance categories, and one for song/composition categories.

## **NUMBER OF NOMINATIONS**

The number of nominations in the General Field categories (Record Of The Year, Song Of The Year, Album Of The Year, and Best New Artist) is eight. The other categories will have five nominations. In the event of a tie in the nominations, there shall be no more than six and no less than three nominations in these categories.

Each category shall have at least 40 distinct artist entries. If a category receives between 25 and 39 entries, only three recordings will receive nominations in that year.

Should there be fewer than 25 entries in a category, that category will immediately go on hiatus for the current year — no award given — and entries will be screened into the next most logical category.

If a category received fewer than 25 entries for three consecutive years, the category will be discontinued, and submissions will be entered in the next most appropriate category.

## **ENTRY LIST—TYPE/FONT TREATMENTS**

Entrants are allowed the use of special characters and unusual typographical treatments in artist names and titles that appear on our ballot entry lists, so long as the characters used may be found on a computer keyboard or through standard diacritical markings.

## **PRODUCT REQUIREMENTS FOR GRAMMY ENTRIES**

Academy members and media companies are required to provide an eligible streaming link or send product for each entry they make. To satisfy screening and nominating committee requirements, multiple copies of the product are required in some cases.

If required retail-ready product is not received by the deadline, the entry or entries may be disqualified. If the recordings for an entry are not received in the quantity required, the Recording Academy may disqualify the affected entry without liability.

If an eligible streaming link is not provided for an entry, the entrant must submit commercial physical product for each entry in the following quantities:

**GENERAL FIELD ENTRY:** One (1) copy  
**SPECIALIZED GENRE FIELD ENTRY:** One (1) copy  
**PRODUCER OF THE YEAR, CLASSICAL:** Two (2) copies  
**ENGINEERED ALBUM, CLASSICAL:** Two (2) copies  
**OPERA ENTRY:** One (1) DVD  
**MUSIC VIDEO ENTRY:** One (1) DVD, Blu-Ray or flash drive copy  
**MUSIC FILM ENTRY:** Two (2) DVD, Blu-Ray or flash drive copies

Entries in certain categories are judged by special committees and require additional product as below:

**ALBUM NOTES:** One (1) copy  
**REMIXED RECORDING:** Two (2) copies each of original and remix  
**IMMERSIVE AUDIO ALBUM:** Two (2) copies  
**COMPOSING/ARRANGING:** Four (4) copies  
**RECORDING PACKAGE:** Five (5) copies  
**HISTORICAL ALBUM:** Three (3) copies  
**PRODUCER OF THE YEAR, NON-CLASSICAL:** Four (4) copies  
**ENGINEERED ALBUM, NON-CLASSICAL:** Two (2) copies

If an entry is made for the same recording in more than one of the Craft categories, the entrant must send the additional number of copies required per additional category.

A packing list is generated upon completion of online entries. Entrants are advised that a copy of the packing list and product should be sent immediately to the Recording Academy.

For digital-only or streaming-only releases where physical product is required, a burned audio CD is required. Both the original download file and the product sent to the Academy must have quality comparable at least to 16 bit 44.1 kHz; copy of label credits (producer, mixer, songwriter, etc.) must be included in the metadata file.

## NOMINATING PROCESS

---

Nominations are determined by Voting Members through the first round ballot or through either the Nominations Review Committee or Craft Nominating Committee processes. All Voting Members are encouraged to vote on the four categories of the General Field. Additionally, voters may vote in up to 15 other categories — based on individual areas of expertise — on both ballots.

### NOMINATION REVIEW COMMITTEES

**General Field (Record Of The Year, Album Of The Year, Song Of The Year, Best New Artist):** This committee consists of at least 20 music generalists who are Voting Members of the Academy, approved by the Trustees. The committee reviews the top 20 selections resulting from the general membership vote on the first ballot, then vote via confidential ballot to select the top eight nominations in each category.

**American Roots, Regional Roots, Children’s Music, Classical, Contemporary Instrumental/ New Age, Country, Dance/Electronic Music, Gospel/CCM, Jazz, Latin, Music Video/Film, Rap, Rock, R&B, and World Music Nomination Review Committees:** These committees are panels of 13–17 Voting Members who are recognized experts in their respective fields. The committees meet to review and listen to the top 15 selections resulting from the general membership vote on the first ballot in those categories. They then vote via confidential ballot to determine the five finalists in each category.

The Classical Nominations Review Committee can make up to three, rather than two, additions to the first ballot selection list, as long as the vote by the committee to make the third addition is unanimous. Also, the Classical Nominations Review Committee is provided with the top 20 selections from the first ballot in two categories: Best Instrumental Solo and Best Chamber Music/ Small Ensemble.

### Populating The Committees

Each of the Academy’s 12 Chapters engage their Chapter Nominating Committees to suggest and submit names of appropriate members for each Nomination Review Committee. This list is compiled in consultation with the Chapter Executive Director and Chapter President.

The Nominating Committees make best efforts to propose at least two names per committee each year of persons who have not served in the past, in addition to recommending returning members. Chapters are encouraged to increase their outreach efforts throughout each year in order to create a wider and more diverse talent pool from which to draw.

Those suggestions go to the committee chair and staff genre manager, who develop an appropriate and balanced committee slate. This list goes to the National Chair, President/CEO and Awards Department head for further refinement. The refined list then goes to the National Board of Trustees for ratification.

In order to ensure that each committee is not only made up of the most qualified people, but also is balanced by gender (50/50 goal for each committee) and other demographic markers and by subgenre (if applicable), the following approaches are in effect:

- The Committee Chairs and Staff Genre Managers have the option of drawing from the current and previous three years' worth of Trustee-approved candidate lists.
- When Committee Chairs and Genre Managers bring to the attention of individual Chapters the names of members who were unprofessional, uncooperative, disruptive, and/or caused egregious breaches of confidentiality, Chapters must remove those names from their lists and not be permitted to resubmit them again.
- In order to create the best, broadest and most diverse Nominations Review Committees, Committee Chairs and Genre Managers have the option of adding names of Voting Members to the slate presented to the National Chair, et al., up to an amount equal to those submitted by the Chapters.
- Additionally, the President/CEO and National Chair have the authority to select individuals for each committee that were not submitted via the Chapters, Committee Chairs or staff. Such selections may not constitute more than 40% of the General Field Nominations Review Committee and no more than 20% of the other Nominations Review Committees.

### **Means By Which The Genre Committee Chairs Are Chosen**

At the end of each committee meeting, each genre committee will vote by confidential ballot to determine their suggestion for Chair of the following year's committee. These suggestions — along with input from the staff genre managers and Awards Department head — will be strongly considered by the President/CEO and National Chair in their selection of chairs for the following year's committees.

### **Term Limits**

- Three years on/one year off for Committee Members
- Three years on/two years off for Chairpersons

Committee members may serve a maximum five consecutive years, if they served on the committee first and were then elected to be Chair. Two years off would still apply in these cases.

At least 20% of each committee must differ from the previous year's committee. All committees, except for the National Nominations Review Committee, must have no more than 17 and no fewer than 13 members who serve. (Up to 20 individuals may be invited initially, in order to account for cancellations and removal due to conflicts of interest.) The Classical Committee may add up to five engineers and/or producers who are able to address the technical aspects of the Classical Engineering and Producer categories.

### **Means By Which The National Nominations Review Chairs Are Chosen**

The Chair of the Board, in consultation with the President/CEO, shall nominate a Committee Chair or two (2) Committee Co-Chairs. The nominated Chair or Co-Chairs must have previously served on the National Nominations Review Committee. Their selection will be ratified by the Board of Trustees at the same time the committee, itself, is ratified.

**SAFEGUARD FOR EXTENUATING CIRCUMSTANCES:** If, in any given year, it is simply not possible to rotate someone off of the committee or out of the Chair position because there is no appropriate

replacement available, Or if it is necessary to replace someone on any given committee at the last minute for any reason, the President/CEO and Chair of the Academy, in consultation with the Chair or Co-Chairs of the A&N Committee and the head of the Awards Department, shall have the authority to approve the continuation of that person's service or approve the appointment of a new person, respectively.

### **Conflict Of Interest And Confidentiality**

At the time of invitation to participate on a Nominations Review Committee, a conflict of interest disclosure form will be provided. Each person invited to be a member of such a committee must disclose to the best of their knowledge whether, in connection with any recording that may be entered in the current year's GRAMMY Awards process, (a) the person would be in line to receive a GRAMMY nomination or win for any recordings being considered in a particular category, (b) the person would have any direct or indirect financial ties to the recordings or creators under consideration, (c) the person has immediate familial ties to any of the artists in the top voter selections, and/or (d) any other conflict of interest, actual or perceived.

If a recording listed by the invitee presents a conflict of interest, the Academy will notify the committee member that they cannot participate on the committee that year.

If, in the unlikely event that, despite these pro-active efforts a conflict is discovered during the committee meeting, that person will be notified and recused from the meeting.

Failure to voluntarily disclose any conflict of interest will result in the person being barred from future Nominations Review Committee participation.

To protect the privacy of committee participants, their names and involvement will not be disclosed outside of the committee rooms.

### **Committee Process Consistency**

Committees shall function in exact like manner to the extent to which it is logical and feasible, given the disparity of genres in question. That procedure shall be as follows:

- After general introductions and explanations of process, confidentiality and conflict of interest rules, the Chair shall introduce the first category to be adjudicated.
- The Chair shall introduce each selection to be played for the entire room. Selections shall be played in alphabetical order.
- For single/track categories, the selection shall be played in its entirety or until the entire committee signals that it has heard enough by show of hands.
- For album categories, at least five tracks of each selection shall be played per the method above. If at least half of the committee agrees, additional tracks may be played. (Exceptions: multi-track classical works, multi-disc sets, operas, and music films, the parts of which to be played having been determined in advance by the Chair and/or Staff Genre Manager.)
- The Jazz Nominations Review Committee may divide the submissions among individual committee members for a listening period during the first day of the meeting. With the Chair leading the process, each member will present an album to the committee in an efficient and objective manner, i.e., not the five best tracks of an album, but examples that best represent the essence and quality of the recording.

- At the discretion of the Chair, discussion may take place between each selection or at the end of the entire category. The Chair, with the advice and counsel of the Staff Genre Manager, is charged with keeping any such discussion focused on the music at hand. Auxiliary comments — concerning such items as the circumstances of the recording, personal anecdotes, whether a nomination will or won't result in a win, and other subjects not directly related to the finished product as submitted — are forbidden.
- In all Nominations Review Committees, except the National or General Field Nominations Review Committee, where no additional submissions are to be allowed, it shall be the policy that, upon review completion of the 15 submissions, the Chair shall ask the members to cite any possible egregious omissions (e.g., late-year releases or brilliant but less visible independent releases, which hadn't yet caught the attention of voters). Any committee member who wishes to propose the inclusion of such an "add-on" cannot have been involved in the creation, marketing or distribution of that specific product (or its related recording). Unless thereby disqualified, the proponent shall present a knowledgeable and reasoned argument for adding that product to the list, and the recording will be listened to by the committee. If at least two-thirds of the committee members subsequently vote in support, the proposed selection shall be added to the list of 15 for full committee review.
- Thereupon, the committee shall hold a vote to affirm that at least five selections are deemed worthy of nomination. If less than two-thirds of the committee members vote to affirm, additional nominations shall be taken from among the committee members. Those proposed submissions shall be reviewed and voted upon until the committee agrees by a two-thirds majority vote that five worthy nominations exist. The committee shall not institute more than two add-ons.
- Voting for each category shall take place at the end of all listening and discussion for each category via confidential ballot. The ballots are delivered directly to the Academy's vote tabulation firm, Deloitte.

### **Virtual Seat Voting**

The membership vote will be factored into the Nominations Review Committee vote to determine the nominees. This assures the membership will have one virtual seat at the table. The membership vote will be calculated exactly the same as the committee members' votes.

### **CRAFT NOMINATING COMMITTEE GUIDELINES**

Craft categories recognize excellence in highly specialized crafts. Craft Committee members must be Voting Members of the Academy in the membership class which corresponds to the Craft they are being submitted to judge. Each must fill out a Documentation Form listing six tracks or albums for which they have the nomination-eligible credit corresponding to the Craft they are being submitted to judge. The credits must be for recordings released in the previous five years. The form remains on file at the National Office of the Recording Academy and is valid for five years.

**Populating the Craft Committees.** Each Chapter's Executive Director works in concert with the Chapter Nominating Committee and Chapter President to develop a slate of recommendations. These recommendations are narrowed, if necessary, by the President/CEO and National Chair in consultation with the Chief Awards Officer. The final slate is submitted to the National Board of Trustees for ratification. Furthermore, craft committee members are solicited for their recommendations of appropriate committee members, and no person should serve for more than five consecutive years without a break. If deemed necessary to the process, a committee member selected to chair may serve up to an additional three consecutive years.

Nominations in Craft categories are determined by National, Regional, or Chapter Craft Committees as described below.

**Historical Album and Remixed Recording** categories are voted on by National Craft Nominating Committees. Each committee of 25 Voting Members meets to judge all the entries made in the category to select the five nominations.

**For Instrumental Composition, Arrangement, Instrumental Or A Cappella, Arrangement, Instruments and Vocals, and Producer Of The Year, Non-Classical** categories, the first round of voting is in the hands of the General Voting Membership via the first ballot. The second round of voting, however, takes place in Regional Craft Nominating Committees. The top 30 selections from the General Voting Membership in each category (in Producer Of The Year, the top 30 Producers' entered work — which is usually up to 90 titles) appear on the ballot for the Regional Craft Nominating Committees to vote by confidential ballot to select the five nominations. Each of these three regional committees — Eastern, Western and Southern — has 15 Voting Members from chapters in their regions.

**Recording Package and Boxed/Special/Limited Edition Package** meet in Regional Craft Nominating Committees to view and judge all the entries made in the categories and vote by confidential ballot to select the five nominations. This is similar to what is immediately above, but does not involve the General Voting Membership first ballot.

**Best Album Notes** is voted by a single National Craft Nominating Committee. However, this committee does not meet in person or via telecommunications. Rather, the group of 30-50 Voting Members access a password-protected section of the Academy website to view all Notes entries. They vote via a return envelope sent directly to the independent auditing firm, and their votes determine the five nominations.

**Immersive Audio Album:** Nominations in the Best Immersive Audio Album category are selected by a committee of Voting Members. To be eligible to serve on this committee, one must be a Voting Member of the Academy, in good dues standing, and must meet certain qualifications in the Engineering or Producing Fields and be approved by the Trustees. The committee consists of 20-25 members. They review all Immersive Audio Album entries in their meeting and vote for the final five nominees in the category.

## **DEADLINE FOR CLAIMING A NOMINATION BEFORE TELECAST**

The deadline for an individual not credited in the liner notes or metadata files to claim status as a nominee is two weeks after the announcement of the nominations.

The process for corrections to be made to nominations is to have an executive (CEO, president, EVP, SVP A&R, or GM) at the nominated recording's label inform the Awards Department of the correction, specifically detailing what was inaccurately submitted or omitted, an explanation as to why the error took place and what steps are being taken by said company to correct the mistake. The Academy may also in its due diligence require further documentation regarding the inquiry as it sees fit to substantiate its authenticity. Once the information is reviewed and approved by the Chief Awards Officer, the correction is then made and the nomination corrected.

Any individual not included in the Final Nominations List who claims a nomination after the deadline will be informed by staff that all official changes to be made will be done after the awards telecast.

### **DEADLINE FOR CREDIT CORRECTIONS**

The deadline to make requests for crediting changes/additions to nominated or winning albums is one year from the date of the telecast. The process for these requests is as above.

### **NUMBER OF NOMINATIONS ANY NOMINEE MAY RECEIVE**

## VOTING GUIDELINES

---

### **PRESERVING THE INTEGRITY OF THE GRAMMY AWARDS**

It is the goal of the Recording Academy to ensure the GRAMMY Awards process is led in a fair and ethical manner and that Voting Members make their choices based solely on the artistic and technical merits of the eligible recordings. In an effort to maintain a high degree of integrity and transparency, it is crucial that the following guidelines be understood and followed by all Voting Members.

If any activity is determined to work in opposition to the Recording Academy's guidelines, the Academy may take any corrective actions, including disqualification of entries. Furthermore, any member who has authorized, executed or otherwise enabled a voting solicitation activity that is deemed to have undermined the letter or spirit of the Academy's regulations may be subject to suspension or termination of Recording Academy membership.

### **VOTER CODE OF CONDUCT**

Voters shall not allow their choices to be suggested, directed or influenced by anything other than their own analysis of merit, including, but not limited to: personal friendships, company loyalties, regional preferences or sales volume/popularity

Voters shall not accept money or anything of value in exchange for votes, access to other members (member lists and contact information are confidential), submission of materials for GRAMMY consideration, or any other privilege of Recording Academy membership.

Voters shall not enter into any agreements or understandings on how to vote. This includes without limitation:

- "Voting Blocs," or groups of voters who agree to vote together. Such groups may include but are not limited to: voters affiliated with a particular record label or management company, or voters linked through social media.
- "Vote Trading," or offering to vote in any manner in exchange for another's vote.

### **BLOC VOTING**

The Academy reserves the right to establish guidelines for its independent accountants to take confidential corrective action on behalf of the Academy as they may deem appropriate.

### **FINAL VOTING TO SELECT GRAMMY WINNERS**

After the announcement of nominations, the final ballot is made available to all current Voting Members to select GRAMMY winners. All ballots, including those from special committees, are tabulated confidentially by an independent accounting firm.

Results of the final voting are not known until the day of the GRAMMY Awards, when Deloitte delivers sealed envelopes with names of the winners.

## **RESCINDMENT OF GRAMMY**

The GRAMMY process does not produce a ranked result with a winner and ordered runners-up. In any situation where a GRAMMY Award is withdrawn following the presentation, no award is given in that category for that year.

## **FOR YOUR CONSIDERATION (FYC) POLICIES**

While FYC-type events, screenings, advertisements, and formal communications are not prohibited outside of the Recording Academy, the numbers specific to an official Awards category, Field and/or balloting, entry lists and finals lists are proprietary information belonging to the Recording Academy; such information may not be used, disclosed, published or otherwise distributed in connection with any event, advertisement, or for any other purpose.

## **HOSTING FYC EVENTS**

Independent FYC events, programs, or activities may be hosted if they adhere to the guidelines set forth in this document. FYC activities may not include any complimentary meals, alcoholic beverages, gifts, or any other hospitality that could be inferred as a value in exchange for vote consideration. Anything considered by the Recording Academy, in its sole discretion, as unreasonable promotion or gifting is prohibited.

## **ATTENDING FYC EVENTS**

If members are invited to a ticketed FYC event or program, they must purchase tickets at full price (no comps or discounts).

## **GIFTING SHOW TICKETS**

As a normal course of business, talent can provide, and members can accept, individual ticket access and meet-and-greet opportunities through their own personal affiliations. However, widespread gifting of show tickets to members as part of an explicit or implicit FYC/vote solicitation campaign is not allowed. Without limiting the preceding sentence, Recording Academy Chapters may not be used as a conduit for gifting to their members, Governors and/or Trustees. Tickets that are not acquired by members through their own personal affiliations must be purchased at full price (no comps or discounts) — this includes tickets to films and musical theater productions.

## **FYC COMMUNICATIONS AND ADVERTISEMENTS**

For Your Consideration (FYC) marketing communications (“communications”) include, but are not limited to: emails, mailings, invitations, social media, websites, and print ads. Such communications are prohibited unless they include an opt-out option. Also, be advised that the Recording Academy does not release the contact information of its members, therefore you should exercise caution if doing business with any vendor claiming that the vendor has accurate contact lists of Academy members (see Third-Party Solicitation by Independent Contractors below).

FYC communications *can* include:

- Artwork related to product under consideration
- Brief, unembellished descriptions of the recording or creators
- Copies or links to product
- Links to websites that promote eligible recordings

- Link to Recording Academy website where Voting and Solicitation Guidelines are posted
- Lists of the creators who worked on the recording
- Reference to nominations, once nominations are announced. List category(s) by full name
- Reference to the GRAMMY Award with proper registered marks. Reference can be made by name only. Use of logo is prohibited, see below:
  - GRAMMY®
  - GRAMMY® Award
  - GRAMMY Awards® (Only the plural GRAMMY Awards gets the ® on Awards.)
  - GRAMMYS®

FYC communications *cannot*:

- Cast a negative or derogatory light on a competing recording. Any tactic that singles out the “competition” by name or title is not allowed
- Exaggerate or overstate the merits of the music, an achievement or an individual
- Feature nominees on invite as host, moderator or special guest
- Include any Recording Academy trademarks, logos or any other protected information: [www.grammy.com/legal](http://www.grammy.com/legal). Logo use is reserved for paid Recording Academy sponsors or partners
- Include entry list numbers or category numbers
- Include personal signatures, personal regards or personal pleas to listen to the eligible recordings
- Misrepresent honors or awards, past or present, received by either the recording or those involved with production
- Reference the year or the telecast number (i.e., 2020 or 63rd GRAMMY Awards)

### **ACADEMY OFFICE MAILINGS**

Any mailing of FYC product or marketing materials to any of the Recording Academy offices is prohibited, and will not be distributed to members, Governors or Trustees. Such mailings will be disposed of or returned to sender, in the Recording Academy’s sole discretion.

### **TELEPHONE LOBBYING**

Contacting Academy members by phone to promote a GRAMMY-eligible product or achievement is prohibited, even if such contact is in the guise of checking to make sure a sample product or other product was received.

### **THIRD-PARTY SOLICITATION BY INDEPENDENT CONTRACTORS**

There are several marketing companies that claim to have authorized access to Recording Academy member lists and/or Recording Academy staff. There are no such businesses. If a vendor has obtained, through wrongful conduct, an accurate member list, we will disqualify any entry that used the vendor’s services.

## **RECORDING ACADEMY FYC WEBSITE FEATURE**

For Your Consideration promotional listings are available on RecordingAcademy.com free of cost. These listings are intended to provide a fair and equal platform for members to showcase their releases that have been accepted as official entries in the GRAMMY Awards balloting process as specified in the Entry List.

Members whose releases have been accepted as official entries, or members who made entries on behalf of others, as specified in the Entry List, are permitted to post a link or upload their entries. These entries may only be posted once in each of the approved FYC categories, as specified in the Entry List. If a release has been accepted in multiple categories as specified by the Entry List, posting the release once in each of the accepted categories is permitted. Duplicate posts of the same entry in a FYC category, entries posted in the wrong category (aka "miscategorized") and promoting entries outside of the For Your Consideration groups are considered violations of these guidelines. Content will be removed, and members are subject to additional penalties should violations continue.

## **RECORDING ACADEMY HOSTED ACTIVITIES**

GRAMMY-submitted product cannot be the topic of any Recording Academy Voting Member activity or promotion. Anyone who has submitted product for awards consideration during the then-current voting cycle will not be featured by the Recording Academy at Voting Member events, in social media, in recorded/streaming content, or in any other context where it may be perceived the Recording Academy is promoting an eligible product to Voting Members.

Talent not submitting product for Awards consideration during the then-current voting cycle are eligible to participate in all Recording Academy activities, including membership events, digital or social content.

Once your product has been submitted for Awards consideration, FYC product distribution at Recording Academy-hosted events is prohibited. Anyone who violates this will be asked to leave the event and is subject to additional penalties should violations continue.

## **FYC INFORMATION CONTACT**

For further information about these guidelines and regulations, please contact us: 877.637.6816 / [awards@recordingacademy.com](mailto:awards@recordingacademy.com).

It should not be assumed that any tactics or activities not specifically prohibited by these regulations are acceptable. The Recording Academy is willing to review any materials or answer any questions that arise in advance.

We encourage our community to help us avoid and remedy violations of these guidelines and ask that you report any findings to: 877.637.6816 / [awards@recordingacademy.com](mailto:awards@recordingacademy.com).

## GRAMMY STATUETTES

Individuals and eligible members of groups of nine or fewer who are GRAMMY nominees on a winning project receive a GRAMMY Award statuette.

Groups of 10 or more members will receive one statuette for the entire group/ensemble. The individual group members are not GRAMMY winners, only the group itself is the winner.

## **LARGE GROUP PINS/CERTIFICATES/TICKETING**

For large groups between 10 and 20 members, the Academy provides a special certificate and pin to each member of the group. The certificates indicate members are part of a large group on a nominated recording.

For these groups of 10 to 20 members, GRAMMY tickets are made available to the group members even though they are not nominees.

For large groups/ensembles/orchestras with more than 20 members, only the group leader is designated as a nominee and no pins, certificates, tickets or statuettes are available to the group members.

## AWARDS & NOMINATIONS PROPOSALS

---

The Recording Academy accepts proposals for changes to the rules, guidelines, definitions, etc. of the GRAMMY Awards. Members of the Academy may submit proposals year-round (the cut-off for proposals to be considered for the following year is March 1). All proposals need to be submitted to the head of the Awards Department and/or the co-chairs of the Awards & Nominations Committee.

Any proposal to create a new category requires a special submission form. Please contact the Awards Department to receive one. Also note that any proposals to create a new category requires a 2/3 supermajority vote of both the Awards & Nominations Committee and the Board of Trustees to pass.

Proposals are debated and voted on by the Awards & Nominations Committee and those that pass go to the Board of Trustees. Proposals that are ratified by the Trustees go into effect immediately for the next GRAMMY Awards.

Proposals rejected by the Awards & Nominations Committee will not be considered again in the next consecutive year. Exception: Proposals that must be viewed in a different light due to changes in the industry or technology. Any proposal author wishing to resubmit under these circumstances may do so, at which point the Awards & Nominations Committee Co-Chairs, National Chair, President/CEO, and head of Awards will convene to discuss. If at least four of these agree, the proposal will be reviewed again in the consecutive year.

#### FOR SINGLES OR TRACKS

**SCREENING CRITERIA** Songs entered for consideration in this category should represent the best achievement in songwriting. Songs that contain samples or interpolations are eligible.

A song must comprise melody and lyrics to be eligible in a songwriting category and must have been released on a recording for the first time, or achieved prominence for the first time, during the current eligibility year.

### BEST NEW ARTIST

#### FOR ALBUMS, SINGLES, OR TRACKS

**SCREENING CRITERIA** This category recognizes an artist whose eligibility-year release(s) achieved a breakthrough into the public consciousness and notably impacted the musical landscape.

In adjudicating this category, the primary element to consider is the artist's performance. If the artist wrote most or all of the songs, this may be a secondary consideration. Production elements of the recording should not be considered.

- Minimum releases to meet eligibility: five singles/tracks or one album.
- While there will be no specified maximum number of releases, the screening committees will be charged with determining whether the artist had attained a breakthrough or prominence prior to the eligibility year. Such a determination would result in disqualification.

An artist may not enter into this category more than three times, including as a performing member of an established group.

- Solo artists and established duos and groups.
- Solo artists formerly with duos/groups, provided the duo/group had not attained prominence.
- New established duos/groups consisting of former solo artists or former group members, provided that none of the previous solo artists nor the duo/group had attained prominence.

Exception: If an artist is nominated (but does not win) for the release of a single or as a featured artist or collaborator on a compilation or another artist's album before the artist has released at least five singles or an entire album (and becomes eligible in this category for the first time), the artist may enter this category in the eligibility year during which the artist's fifth single/track or first album is released.

- An artist with a previous songwriting GRAMMY nomination, if the nominated song had gained its prominence through a performance by the songwriter as the primary artist.

Exception: If an artist received the nomination (but does not win) for writing a song that had gained its prominence through a performance by the songwriter as the primary artist before the artist has released at least five singles or an entire album (and becomes eligible in this category for the first time), the artist may enter this category in the eligibility year during which the artist's fifth single/track or first album is released.

#### VOCAL OR INSTRUMENTAL

**SCREENING CRITERIA** This category recognizes excellence in albums of New Age recordings. New Age music is generally ambient, exploratory, and journey-like in nature, welcoming dissonance and consonance alike. It represents a widening field in which various elements and influences from pop, jazz, classical, folk, downtempo, ambient, atmospheric, electronic, and avant-garde idioms may combine to serve the intention of wellness and introspection. By merit of its historical roots, New Age Music may include sacred as well as secular components; however, recordings with sacred content or intent are generally non-sectarian or universal in nature.

Structurally, New Age compositions emphasize texture and space. Instrumentally, the music can contain synthesized and acoustic instruments. Rhythmically, the music can range from meterless to repetitive 4/4 beats. Melodically and harmonically, the composition works to serve the feel and intent.

The category includes environmental recordings (where the recordist would be considered the artist). Seasonal/holiday recordings are not eligible in this category.

## Jazz Field

## BEST IMPROVISED JAZZ SOLO

### FOR SINGLES OR TRACKS WITH AN IMPROVISED JAZZ SOLO

#### VOCAL OR INSTRUMENTAL WITH OR WITHOUT ACCOMPANIMENT

**SCREENING CRITERIA** This category recognizes improvised jazz solos (including vocal jazz solos) of substantive content. It is not for embellishments or fills, written-out solos, or solos that demonstrate some jazz flavoring but that belong in the Pop or R&B fields. Intent and content are the over-riding criteria in determining eligibility of an improved jazz solo.

The improvised jazz solo performances may be taken from an instrumental or vocal single or track. The track must be from an album released in the current eligibility year but may be from an album in another genre field. The soloist need not be the group leader or top-billed artist on the track. Two performers on one recording who solo equally or near-equally may be eligible as one entry at the discretion of the Academy.

Entries in this category are limited to two per artist and may only be made by the soloist or the soloist's representative (management or soloist's primary record label).

## BEST JAZZ VOCAL ALBUM

### FOR ALBUMS

#### VOCAL ONLY

**SCREENING CRITERIA** This category recognizes excellence in albums of vocal jazz performance. Jazz elements may include inflection, phrasing, arrangements, repertoire, and/or improvisatory variations. The vocal performances, vocal styling and interpretation must be jazz in content (and not merely performances with some jazz flavoring or those that may use jazz musicians for backup). Pop, R&B or other genre styles of vocal performance, even those by well-established jazz artists, are not eligible.

The vocal performance may be by a solo performer, duo, group (including large jazz vocal ensembles) or collaboration and may be in any language (including Portuguese and Spanish).

If a vocalist(s) and an instrumentalist(s) are billed equally, both (or all) may be eligible for a GRAMMY. This determination, as with cases in which the co-billing involves a band as a whole, will be at the discretion of the Academy.

An entire album entered in the Jazz Vocal category may not be entered again in a Jazz Instrumental category, even if the artist is shifted. If the vocalist(s) and instrumentalist(s) are billed equally, the Academy will determine the appropriate category based on number of vocal tracks versus instrumental tracks; or, if the number of tracks is equal, the total playing time of the vocal versus instrumental tracks.

## BEST JAZZ INSTRUMENTAL ALBUM

### FOR ALBUMS

#### INSTRUMENTAL ONLY

**SCREENING CRITERIA** This category recognizes excellence in albums by individuals or groups generally thought of as “small jazz groups,” typically from one to eight musicians performing jazz music, including straight-ahead jazz and contemporary jazz.

This category may also include albums with larger back-up ensembles that provide coloring and background to what is essentially a small group performance. The extent of interaction between the soloist(s) and the large ensemble employed in the arrangements is the deciding factor for eligibility in those cases. The size of the ensemble is not determinative as much as the instrumental make-up and how the music is scored.

## BEST LARGE JAZZ ENSEMBLE ALBUM

### FOR ALBUMS

#### INSTRUMENTAL OR INSTRUMENTAL WITH VOCALS

**SCREENING CRITERIA** This category recognizes excellence on albums of large jazz ensemble performance, primarily recordings with a “big band sound.” Other large ensemble or orchestral jazz recordings where a number of musicians come together, most commonly to play arrangements featuring the orchestrational possibilities of a large ensemble of musicians are eligible. In some instances, arrangements may be less structured (so-called “hear arrangements”) that nonetheless demonstrate the orchestration possibilities of a large ensemble setting.

Generally, these ensembles must contain nine or more members to be eligible in this category (excluding the conductor or bandleader). The ensembles may be billed as ensembles or under the name of a solo artist who is the featured band or orchestra leader.

Recordings that use synthesizers to imitate the sound of a large jazz ensemble are not eligible in the category.

Large jazz vocal ensemble albums must be entered in Best Jazz Vocal Album.

## BEST CLASSICAL SOLO VOCAL ALBUM

### FOR ALBUMS ONLY

#### FOR SOLO VOCAL PERFORMANCES

**SCREENING CRITERIA** This category recognizes excellence in albums of classical solo vocal recordings. Eligible albums may contain song literature, operatic arias, vocal cycles (i.e., multi-movement works) and/or other types of vocal music, with one or more collaborating artists such as accompanists, chamber ensembles, choruses and orchestras, with or without conductor. Multiple soloists are eligible in this category.

Arias, operatic or otherwise, qualify only if they are recorded as separate productions and not extracted from a complete work.

## **BEST CLASSICAL COMPENDIUM**

### **FOR ALBUMS ONLY**

#### **VOCAL OR INSTRUMENTAL**

**SCREENING CRITERIA** This category recognizes albums of classical music recordings developed and united by an artist, composer, tribute, thematic idea, musical or other unifying concept, including crossover albums that contain greater than 50% classical material.

Albums may include historic, spoken, and/or documentary material, as long as these are in service of the album concept and do not exceed 50% of the total playing time. Albums entered in Classical Compendium may not be entered in other classical categories; however, individual tracks from Compendium entries may be eligible in other classical categories.

## **BEST CONTEMPORARY CLASSICAL COMPOSITION**

### **A COMPOSER'S AWARD**

#### **FOR ALBUMS OR TRACKS**

#### **VOCAL OR INSTRUMENTAL**

**SCREENING CRITERIA** This category recognizes excellence in contemporary Classical composition. It is open to original Classical compositions, including newly composed operas, composed within the last 25 years and released on a recording for the first time during the eligibility year. Eligible compositions must be individual works and world premiere recordings. Classical motion picture and television compositions are eligible here. Audio-video (DVD) of new operas are eligible, but only the audio portion is considered.

New versions, arrangements, suites, transcriptions, re-orchestrations, remixes and/or any other types of variants of pre-existing compositions are not eligible.

The full-length score on PDF must be submitted with each entry for this category.

## **Music Video/Film Field**

### **BEST MUSIC VIDEO**

#### **FOR MUSIC VIDEOS**

#### **VOCAL OR INSTRUMENTAL**

#### **ANY GENRE**

**SCREENING CRITERIA** This category recognizes excellence in music videos. Music videos released online during the current eligibility year, and that are synchronous or predominantly synchronous to a commercially released recording are eligible as long as they are recognized by the artist and /or the record label as the official video for an individual track.

Entrant must provide a streaming link via YouTube or Vimeo to the music video. The link must remain active through the final voting period.

Fan videos or re-edits that are not recognized by the artist and/or the record label as the official video are not eligible. Nor are multitrack videos or visual albums (such works are eligible in Best Music Film). Individual videos taken from video album packages that were eligible in a previous year are not eligible.

A GRAMMY nomination in a performance category does not affect the eligibility of an eligibly released music video of the same recording in the following year(s).

## **BEST MUSIC FILM**

### **FOR MUSIC FILMS**

#### **VOCAL OR INSTRUMENTAL**

#### **ANY GENRE**

**SCREENING CRITERIA** This category recognizes excellence in concert/performance films or music documentaries released for sale to the public for the first time or first appearing on television or online during the current eligibility year. This category includes music-related documentaries with a preponderance of performance-based material and individual music videos that together create a visual album (if videos are packaged and entered together as one cohesive film). While dramatic feature films and biopics are not eligible, films with fictional elements are eligible.

Episodes from television/online series, award shows, music competition shows, fictional music films and musical biopics are not eligible as music films. Nor are re-edited or repackaged old (more than five years from release date) programs, concert films in which the concert was recorded more than five years ago (older concert footage may be used in music documentaries), compilations of music videos by various artists, or any video films or promotional clips that were eligible in a previous eligibility year or compilations of such. The addition of bonus material to an otherwise ineligible music film does not make the release eligible.

Entrants must provide an active streaming link on web platform or movie files on data disc, flash drive, DVD or DVD-R. (Digital master file is a Quicktime.mov codec. HD Apple Pro Res 422 QuickTime file preferred. Native frame rate (usually 23.98 or 29.97 fps) and at a dimension of 1920x1080 or 1280x720.)

A GRAMMY nomination does not affect the eligibility of an eligibly released music film of the same recording in the following year(s).
